## WAYNESBURG COLLEGE Is the Place.

Everything here points toward you and your future. Our programs, our people, our size all help you expand your horizons and prepare for a career.

We have programs in 25 fields, including business, public administration, management, science, geology, education, and accounting. Each of them lets you develop a program to meet your individual needs and interests.

And we have two-year programs in secretarial studies, business administration and Christian education.

Our faculty cares about the programs we offer and the education you get. Nearly 70 percent of our faculty holds doctoral degrees and all have proved their ability. They put the emphasis on teaching, not research. Professors — not graduate assistants or seniors — teach freshman-level courses.

Waynesburg has 800 students, meaning that you're more than a number here — you're a person. And, since our classes are relatively small, you'll get the personalized attention that is very valuable.

Take a Look: See What We're All About.

# IN MEMORIAM

## JEANNIE HANSON
## OUR FRIEND FOREVER

Little did we know,
that God had picked so early in
life for you to go.

It just doesn't seem fair,
especially to those who really cared.

We'll all miss your smile,
because it made life seem so
much more worthwhile.

We'll never forget all the good
times we all shared together,
filled with memories that
will last forever.

What more can we say,
other than you'll be sadly
missed in everyway.

A Senior you'll always be
and a beautiful memory in our
hearts for eternity.

Christine Arameish
